From The Grand Knight

For many years Council leadership has been plagued by the problem of inactive members, and or non-dues paying members. We pay Per Capita on them but get no help, receive no dues, and spend time trying to track them down. It has been very difficult to get them cleared off our roster which was a financial and administrative frustration for every Grand Knight I have ever spoken to. This was a common issue nationwide and Supreme was aware.

Supreme rolled out a trial Affiliate Member Program initiative which gives us an opportunity to clean up our rolls for the first time in a major way. It does not effect Life or Honorary members, and apparently also does not effect Insured members. Only those that we have not seen around, active or not, and are not paying dues for years are designated as Affiliate members.

nice to have good friends

The other day I was talking to a friend of mine about the importance of having good strong reliable friends that you can count on. He surely agreed and then went on to talk about the difference between friends that are close and then those that are not as close but how they all bring certain gifts to their friendship. I told him how much I appreciated the conversation and thought I'd share my thoughts on the subject with you.

Wouldn't you agree that good, strong friendships can make our lives immeasurably richer?

Think about it, good friends are rare. We have thousands of acquaintances, many associates, but few real friends. Real friends are those we freely select, and for this reason they play a special part in our lives. They provide us with joy, comfort and caring. And because our time with them is limited to relatively short periods together, friendships give

From your Financial Secretary

Thank You!

I want to thank all the members that have paid their 2022 dues along with a voluntary contribution to Pennies for Heaven.

A Second Notice letter was mailed Jan 14, 2022, to all the members that had not paid dues by that date. To those members I ask that you be aware of the mailing and to submit your payment to the council P.O. Box noted on the notice letter.

Fraternally,

Mike Fay, FS

us a breather from the intensity of our full-time, primary relationships.

When we have made a good friend, we have shared our deepest thoughts and feelings, and we have also developed shared respect and affection. These things can last a lifetime, surviving great distances in time and space. But, like your primary relationships, good friendships are not merely for comfort and support. They are vital threads that keep us connected to the world.

They lead us gently into new areas of growth by helping us see our problems and ourselves from another perspective, and good friends are always there, challenging us when they see us moving in harmful directions. It's important to remember, though, that friendships, like any relationship, need attention and nurturing if they are to remain strong and healthy.

There are six magic words that make friendships happen. And it doesn't matter whether the friendships are online or face-to-face. These six words are:

"What can I do for you?"

Yes, they are magic words. Because they not only touch the heart of others, they also transform our own heart. We begin to let go of an ego-centric view of the world where the main words are I, me, and mine. Instead, we start to appreciate the needs, wants, and hopes of others.

Can you think of someone right away who would benefit from the six magic words? How are your friendships doing? Are you going the extra mile to make sure your friends know how important they are to you? We have been experiencing one of the most devastating events in our lifetime. This horrible pandemic has caused so much in separation, sadness, sickness, divisive attitudes and the lose of loved ones. We have been separated from our church community and feel isolated for fear of contracting the virus. Hopefully we will beat this...find solutions and heal our broken hearts and find joy in getting together again. Those six words can be simple phone calls to folks you've thought of and haven't seen. Let's reach out and let them know we value and miss them. It would mean the world to many. Remember, it's in your hands. David Myers PGK

PS We scheduled the Crab Feed for Feb 19, 2022. I was fortunate to sell out the church social hall. Reluctantly we have cancelled due to the governor's mandate and the archdiocese policy because of it. Disappointing yes. Let's goal set for next year.

Affiliate members remain Knights of Columbus, can still participate and can rejoin a Council whenever they want. They cannot vote until they join a Council and belong to the State organization officially. We are not charged a per Capita for them. Of course, we would like them to rejoin our Council when able.

I would like to thank all of the Knights who worked to make this achievement possible. Our Financial team, the Retention Committee, and the Council Leadership team. This is a historic moment for the Council. Financial Secretary Mike Fay was the driving force behind this success. District Deputy Don Hall was instrumental in advancing our list to the State.

This may seem to you to be administrative minutia but it will have a huge impact on our operations going forward, saving hundreds of dollars and countless hours every year.

The prohibition on all food events has killed the crab feed for us for a second year in a row. We are unable to attempt at least the first few Lenten Fish fries, and hope is low this year for any. But we have had a successful Coats for Kids drive and support for Veterans at Christmas. We have raised funds through Christmas greenery sales, Brown Bear care wash ticket sales and Council dues of course.

We had hoped to get permission for the Crab Feed and had even sold out tickets. So know that one, interest within the Parish is very high for this event, and two, the Knights who organize the event have absolutely not lost their touch! It will happen. It was as great an effort as I could possibly have asked for and I am very sorry we could not continue this year.

Looking forward, our primary fund-raising event will be a second annual auction. This was held in May last year, and due to a lot of great work was very successful. We will be discussing the effort for 2022 at our General meeting on Tuesday, January 1st. Paul Savino and other leaders of last year's event will present basic of the plan to membership as we prepare to do it again.

Laughter is The Best Medicine

I ran across this story and thought it would be important to share with all of you. You know, sometimes we take things too seriously. Hopefully this will help us "lighten up" a little. Enjoy.

Many years ago, Norman Cousins was diagnosed as "terminally ill". He was given six months to live. His chance for recovery was 1 in 500.

He could see the worry, depression and anger in his life contributed to, and perhaps helped cause, his disease. He wondered, "If illness can be caused by negativity, can wellness be created by positivity?"

He decided to make an experiment of himself. Laughter was one of the most positive activities he knew. He rented all the funny movies he could find – Keaton, Chaplin, Fields, the Marx Brothers. (This was before VCRs, so he had to rent the actual films.) He read funny stories. He asked his friends to call him whenever they said, heard or did something funny.

His pain was so great he could not sleep. Laughing for 10 solid minutes, he found, relieved the pain for several hours so he could sleep.

He fully recovered from his illness and lived another 20 happy, healthy and productive years. (His journey is detailed in his book, *Anatomy of an Illness*.) He credits visualization, the love of his family and friends, and laughter for his recovery.

Some people think laughter is a waste of time. It is a luxury, they say, a frivolity, something to indulge in only every so often.

Nothing could be further from the truth. Laughter is essential to our equilibrium, to our well-being, to our aliveness. If we're not well, laughter helps us get well; if we are well, laughter helps us stay that way.

Since Cousins' ground-breaking subjective work, scientific studies have shown that laughter has a curative effect on the body, the mind and the emotions.

So, if you like laughter, consider it sound medical advice to indulge in it as often as you can. If you don't like laughter, then take your medicine – laugh anyway.

Use whatever makes you laugh – movies, sitcoms, Monty Python, records, books, New Yorker cartoons, jokes, friends.

Give yourself permission to laugh – long and loud and out loud – whenever anything strikes you as funny. The people around you may think you're strange, but sooner or later they'll join in even if they don't know what you're laughing about.

Some diseases may be contagious, but none is as contagious as the cure. . . laughter. Remember, it's in your hands. David Myers PGK
